Additions:
(1/5)

The winning team gets to rename the divisions (Tastefully) and select the leagues image (tastefully) for the home page.

The 3 Fastest Drafters will get extra 2 chips in the P.O.P. Draft (If we do it).

If you lose a top 5 pick to the AL (ONLY During the season), You will get 2 extra chips P.O.P. (If we do it).
This is on the owner of the team to remind the person doing the P.O.P. Draw. (if done).

Additional: (2/5)

New Rule: The Joc Perdson // A.L. Traded Compensation Rule

Keeper players (Any time they are traded) and players chosen in the first five rounds of the draft (Only during the season) will be eligible for a pick of picks Chip(s) compensation.

((All chips are provided we have a Pick of Picks Draft)).

This will be on the owner(s) to remind the Exec
committee (& Post on the Site)
and the volunteer who is doing the P.o.P. Draft. We will keep a running tab but owners MUST post any player Losses on the main board. In the Weeks prior to the Draft. This is on the individual owner(s) to make sure he has the chips they are entitled to.

OFFICIAL RULING (The Mookie Betts Rule 2.0).

Any player NOT currently in the CBS draft list at the time the draft starts, will not be eligible to be legally drafted.

Any player that selects an AL (or other) player added mid draft by CBS - Will have that player REMOVED from their team at the conclusion of the Draft. We will not roll back the draft for an illegal player.

OFFICIAL RULING (Sean Manaea 3.0).
We will ONLY roll back the Draft 1 Time for a player who appears on the Draft Board for any Owner who is on Auto Draft so they do Not get screwed.

- This does not change our liberal use of roll backs outside of this.

That said - if you pick a "Mookie Betts Rule Player" than you will lose that pick in the draft - and we will drop the AL Transfer player after the draft is over.

*********So please make sure that you always have some players queued to avoid this from happening.**********

We Will NO LONGER be adding ANY players to the Free Agent pool during the draft.

Comish Note - Some changes were needed to this rule in order to account for the lack of having a waiver system in place this year.

Players who come from any non national league team (Trades or Signings) after the start of the Draft CAN NOT be Kept if acquired on waivers. Those players can be drafted the following provided they are in the CBS NL player pool.

Players not in the CBS player pool - Can not be drafted.
